LASE-004-S

Sensor

APPLICATIONS

- Corridor / Aisle
- Changing Rooms
- Function Rooms
- Kitchens
- Stairwells
- WC's
- Underground Parking
- Offices

SPECIFICATIONS

Dimensions: 115mm x 50mm

Mains Supply: 230V / 50 – 60Hz

Sensor Technology: Passive Infrared

Installation: Surface Mounted

Colour: White

Mounting Height: 2 to 4 Meters

Optimum Mounting Height: 2,8 Meters

Detection Angle: 360°

Angle of Aperture: 180°

Reach, Radial: 3 Meters (7 sqm)

Twilight Setting: 2 – 2000 Lux

Time Setting: 8 seconds – 35 Minutes

Switching Output: 2000W

Switching Output, Number of Fittings: 6

Ambient Temperature: -20°C - 50°C

Detection Zone
